### 1. Class ID 2441 FIRST LEGO League Jr. (FLL Jr. Age 8-10) Team Course 3:40PM-5PM Teacher: Daniel Xu

FIRST LEGO League Jr. is one of K-12 programs for kids and is designed to introduce STEM concepts to kids ages 6 to 10 while exciting them through a brand they know and love – LEGO®.

Guided by adult coaches and FIRST LEGO League Jr. Core Values, students build models using LEGO® Education WeDo 2.0 and create Show Me posters to present what they learned. The program focuses on building interest in science, technology, engineering, and math (STEM) through a real-world challenge – to be solved by research, critical thinking, and imagination.

FIRST (For Inspiration and Recognition of Science and Technology) was founded in 1989 to inspire young people's interest and participation in science and technology. Based in Manchester, NH, the 501(c)(3) not-for-profit public charity designs accessible, innovative programs that motivate young people to pursue education and career opportunities in science, technology, engineering, and math, while building self-confidence, knowledge, and life skills.
