

Dear parents, students, staff and teachers:

The annual fundraising yard sale for Support Education Project will be held in NCLS at the Day Middle School Cafeteria on March 9, 2014. We welcome all NCLS families to participate in this meaningful event. Please donate items and label your items with your suggested prices. In addition, please bring some pocket money to buy things from the yard sale. When you buy items at very reasonable prices, you also support some disadvantaged young kids to complete their high school education in China. All yard sale items will be sold at customer prices (means you price the items yourself) except labeled items. Business owners can register booths to conduct businesses at the yard sale (one day only). The registration fees will go to the Support Education Project, while business profits belong to owners.

If you have any questions, please email to [supportededucation@newtonchineseschool.org](mailto:supportededucation@newtonchineseschool.org)
