

Title: Fund Raise Activities for the NCLS Support Education Plan

Dear Parents and Teachers;

As you know, NCLS support education plan 2008 project is currently running. As we mentioned in the previous e-mail, this plan has two meaningful purposes. One is to create opportunities for our students to experience Chinese middle school learning and living environment, practice their Chinese skills and make friends. The other purpose is to financially support students in economically disadvantaged areas in China, allowing them to carry on and finish their high school education.

To support this project, two fund raise activities are going to take place in March. One of them is a talent show on March 15<sup>th</sup> 2008. The other one is dance party on March 22<sup>nd</sup> 2008. For more details, please see the links: (the two flyers attached)

Both activities will need a lot of your help, support and participation. To help, support and participate in fund raise activities is a very important part in children's education. We hope to see many of you!

Thanks,

NCLS Board  
Support Education Plan Working Group
