On the left side, there is a 'Quick Links' sidebar with various categories such as About Us, Staff & Leadership, Parent Duty Info, Direction, Parking, Forms, Rules & Policies, Directories, Course List, Career, President's Volunteer Service Award, Support, Education Program, and Useful Info.

First registration period for only existing students is on right now. During this period, existing students have the chance to register either for the same classes they take at the current semester, or one level higher for the language or Math classes. You can only register students in your family that are taking any class at the current semester. For any new student (including old students who have not registered this semester), you have to wait until the registration for new students starts. You can add new student(s) as you wish, but to register you will have to wait.
